

# Daily Spot Cleaning for Group Cat Rooms

**Remember to leave cats free in the room while performing these tasks.**

- 1.** Enter room and observe cats for any changes in physical or behavioral health.
- 2.** Set food and water bowls aside. Set heavily soiled food or water bowls aside for cleaning and disinfection.
- 3.** If beds/towels are soiled, shake excess debris into trash and set aside for laundering.
- 4.** If disposable items are soiled or ruined, discard.
- 5.** Scoop litter boxes, removing excreta and any soiled litter.
- 6.** Sweep the floor.
- 7.** Wipe down soiled areas of the floor, walls, and doors with detergent solution. Stubborn areas, stains, or materials that cling to surfaces should be addressed with a scrub brush.
- 8.** Perform hand sanitation or change gloves, then refresh food and water bowls. Replace soiled items as needed.
- 9.** Remove trash and soiled items.
